

Compulsory vocational training has to be done by working in an institution conducting business and activities that falls within the scope of student's study programme. You can choose from the variety of institutions that have signed agreement with the Faculty, find an institution yourself or, when already having professional experience, file an application for exemption from the compulsory vocational training based on professional experience. A period of time working as a trainee should no shorter than 15 working days. All necessary documents, including model documents, are to be found on a faculty's vocational training website.
