Accordingly with the Dean's decision all the summer session exams (including retakes) in the academic year of 2021/22 for the students of the last year will be taking place only in a remote way using either the Microsoft Office tools (the MS Teams and MS Forms) or the UWr e-learning platform.

As a general rule all other exams will also be held online. However the Professor can decide that the exam will be held in stationary way. In that case the information has to be given to all the students and to Mr Tymoteusz Jędrysek to the e-mail address: [tymoteusz.jedrysek@uwr.edu.pl](mailto:tymoteusz.jedrysek@uwr.edu.pl) until **30.04.2022**.

The reference period on all programmes is one academic year.

The basis of passing a year of studies is passing all the subjects required during the time period or gaining 60 ECTS points.

The rules of passing the academic year of 2021/22 are based on the Rules and Regulations of the University of Wrocław.

## **PASSING THE CLASSES**

1. Subjects that do not end with an exam must be passed before the exam session. In an exceptional case the Student may ask the Chair of the Institute responsible for the subject for a longer passing period.
2. All required payments need to be made in order to be able to get the grades.
3. Any Student that failed to get a grade from the class before the exam term loses the term. In an exceptional case the Student may ask the Chair of the Institute responsible for the subject for another exam term. It is recommended that the Professors gives student at least one possibility to correct the grade before uploading it to the USOS System.

4. If a Student questions the validity of a received grade they have a right to appeal to the Chair of the Institute in the time period of 3 working days after receiving the grade. The decision made by the Chair of the Institute is final.
5. If the Chair of the Institute recognizes the validity of the appeal a Board should verify the grade before the 7 days after submitting the appeal and no earlier than 3 days after informing the Student that the appeal is valid. The Board includes the Chair of the Institute, the Professor responsible for grading the subject, and one more Specialist from the subject. Based on a request the Student can point out one more Professor or a member of the Student Council.
6. A grade received from the Board overrides the first grade. The decision of the Board is final.

5. In the case of not excusing the absence the Student doesn't get a grade and loses the exam term.
6. In case of excusing the absence the Student gains a right to one extra exam term in the duration of the exam session. The date is set by the Examiner. After the exam session is done, in exceptional cases, the Dean may allow the additional term of the exam no later than 10 days after the official date of the end of the exam session.
7. Student has a right to look into their exam paper in the time and place stated by the Examiner. The written exams are kept for one year after the date of the exam.
