Mobility Capital

Under the framework of Erasmus+ Programme students can apply for studies and traineeships at each of the three levels of studies (Bachelor's, Master's, PhD). Mobility capital (number of months spent abroad under Erasmus Programme) is calculated separately for each level.

When calculating mobility capital one has to add together months of all previously completed mobilities (both studies and traineeships) at each level of studies, including mobilities under previous editions of Erasmus Programme (Socrates-Erasmus, LLP-Erasmus).

Mobility capital per one level of studies is 12 months.

In the case of uniform Master's programmes mobility capital cannot exceed 24 months.

Erasmus grant awarded at UWr versus mobility capital

Any UWr student can receive funding at a given level of studies for:

- one semester studies at a partner university with a financial grant for the duration of one semester/trimester (for the period of 3 to 5 months),
- traineeship during studies or graduate traineeship (for the period of 2 to 5 months).

In the case of uniform Master's programmes the number of possible mobilities gets doubled.

It is not possible to accumulate months with financing, e.g. one year-long mobility instead of two separate ones (with funding).

It is not possible to transfer funds, e.g. 10-month study mobility with funding when turning down traineeship mobility, or vice versa.
