### **Credit rules and seminar program in the subject "Equality and non-discrimination"**

Dear Students,

in this document you will find a detailed exercise program in the subject "Equality and non-discrimination". Exercises conducted at the university are primarily intended to prepare you to the fullest extent possible for the final exam and practice in accordance with the field of study. At the same time, these exercises will not bring the expected result if you do not thoroughly prepare for them yourself.

- You can use any source in class. However, it is necessary that you become familiar with them before you start, learn their content and systematics, so that you can easily navigate them and search for information.
- We will not return to the issues that we will not be able to discuss in the given classes, therefore it will be necessary to master them independently.
- Your exercise activity will be appreciated. The most active people will be awarded with pluses.

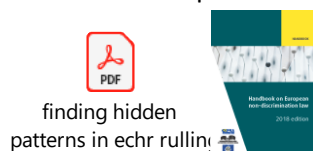

#### **ASSESSMENT:**

- 1) Students are required to comply with Ordinance No. 18/2017 of the Dean of the Faculty of Law, Administration and Economics of the University of Wrocław of 27 July 2017 regarding the monitoring of classes at the Faculty of Law, Administration and Economics of the University of Wrocław and the Regulations of Studies at the University of Wrocław.
- 2) Assessment of student's work during classes.
- 3) **Open-books test conducted during the last class based on the current case being recognized by one of human rights judiciary body**

The final decision as to the grade issued and the settlement of doubts is vested in the teacher based on the assessment of the student's work and attitude towards the subject throughout the whole semester.

#### **SUGGESTED LITERATURE**

In the "Detailed Schedule" part you may find lists of articles which I recommend to read before the classes to help you understand concepts we discuss. However, this would be enough if you read 1 or 2 positions. Please do not try to learn them by hard – more important is your general understanding of the concepts and issues.
